## MAN.MACHINE.INDUSTRY 2016

Since J. Bergman and his creation Man.Machine.Industry had the opportunity to appear in the PS3 / X-Box 360 game "The Darkness" things moved on fast for the band.

**MAN.MACHINE.INDUSTRY** is the solo project of producer J. "J.B" Bergman who has a history as the drummer in **SLAPDASH (Nuclear Blast/MNW)** and **ROSICRUCIAN (Black Marc Prod)**.

After playing **Sweden Rock Festival in 2009** MMI signed a deal with GMR Music and released their second album "White Trash Devil In a Jesus Christ Pose" in 2010.

The album got great response and the band went on the road playing with bands such as

*Dr: Midnight & The Mercy Cult, Sonic Syndicate, Deathstars, Corroded, Raubtier, Engel and Sparzanza* among others.

The band also climbed as high as **number ONE on the My Space top chart of Swedish bands and held the position for one week** and held top 50 for a whole month.

**In April 2012 MMI released the critically acclaimed album**

"Lean Back, Relax and Watch The World Burn" getting the best response possible by both fans and media world wide.

An offer to open up for Devin Townsend Project and Fear Factory was made by Live Nation but was sadly missed due to unforeseen circumstances . But other offers was made reality such as

**Sabaton Open Air, co-headlining the Rockbitch Boat (40h metal cruise) and in 2014 a support tour of 5 weeks**

through sold out houses in Sweden with **Raubtier, which was a total success.**

**J.B calls the music he writes for MMI; HEAVY METAL** with an industrial touch. Nothing more, nothing less.

His projects are well known in Sweden both for the music he/they create as well as for his drive to work hard and he have now started his own music production company **Killing Machine Productions** where he got five acts under his wings as a producer/songwriter.

**In March 2016 a new album** is due to be released and you can get a taste of the direction

MAN.MACHINE.INDUSTRY has taken on the first single/video "**Let It Burn**" at You Tube, Spotify, iTunes, Amazon.

**The new album** is titled "**BOX OF HORRORS**" and is by far the heaviest and strongest MMI-album yet.

A **European tour holding sixteen dates** over Europe together with **PRONG** will also be made reality in march/april 2016, and on top of that the band have plans to release **videos, singles and B-sides** through out 2016!
